

CHANGE IS THE ONLY CONSTANT: Preparing for and Managing Organizational Change

The Pew Fund Capacity Building Program:
OMG Center for Collaborative Learning

October 29,
2013

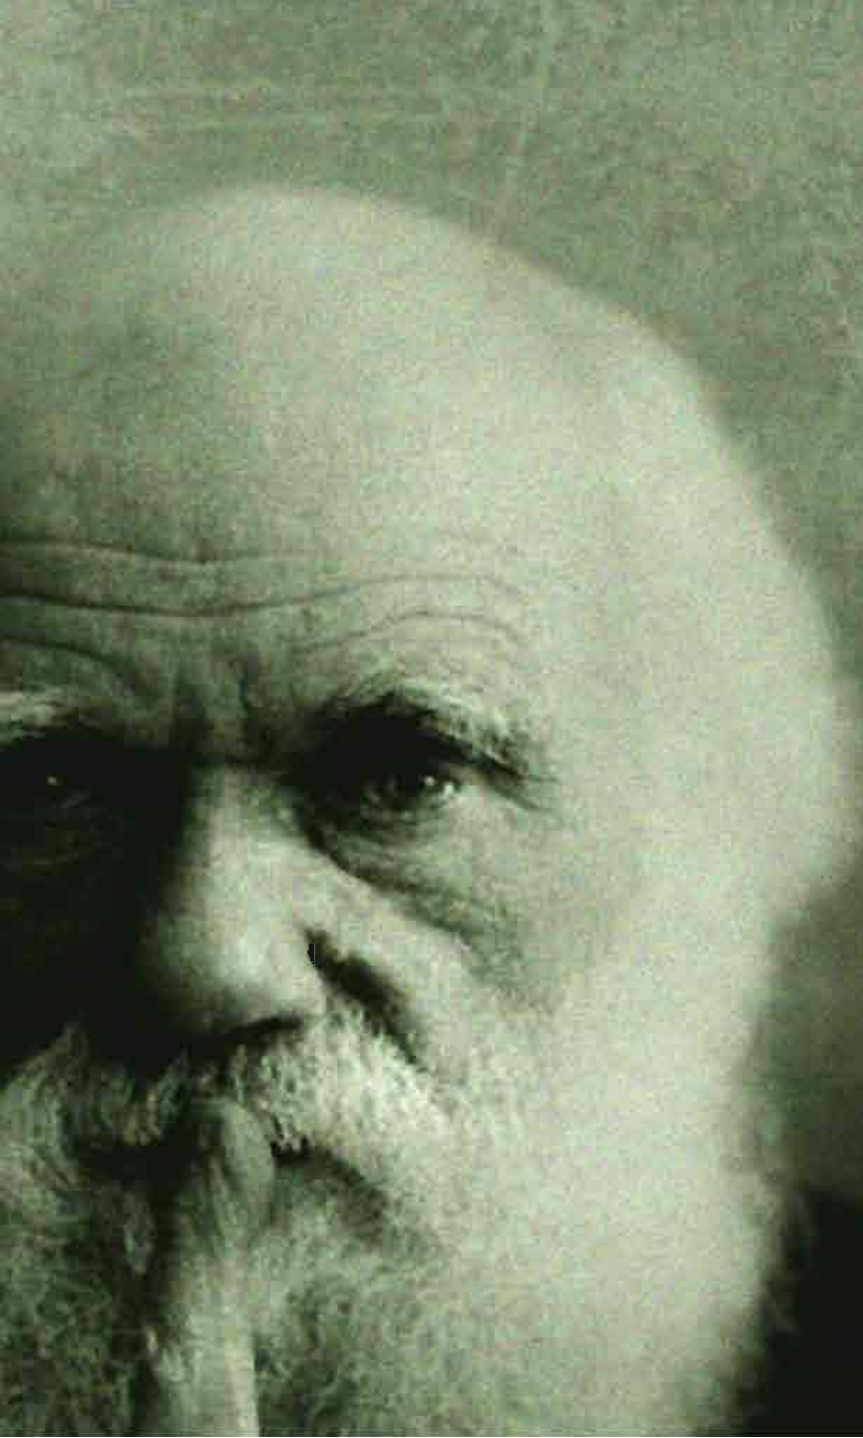

CAPACITY FOR CHANGE

- **Capacity:** the ability or power to do, experience, or understand something.
- **Change:** to make or become different.

Workshop Presented By:

Meghan McVety, Capacity for Change, LLC

www.capacityforchange.com

“It is not the
strongest of the
species that
survives, nor the
most intelligent,
but the one most
responsive to
change.”

~Charles Darwin, 1809

Change creates and offers
windows for improvement

(or decline).

How an
organization
acts
determines the
path.

SUCCESS

[Noun] The achievement of something desired, planned, or attempted.

Managing **change** successfully **is possible**,
and more often than not,
it is in your control.

Exploring today:

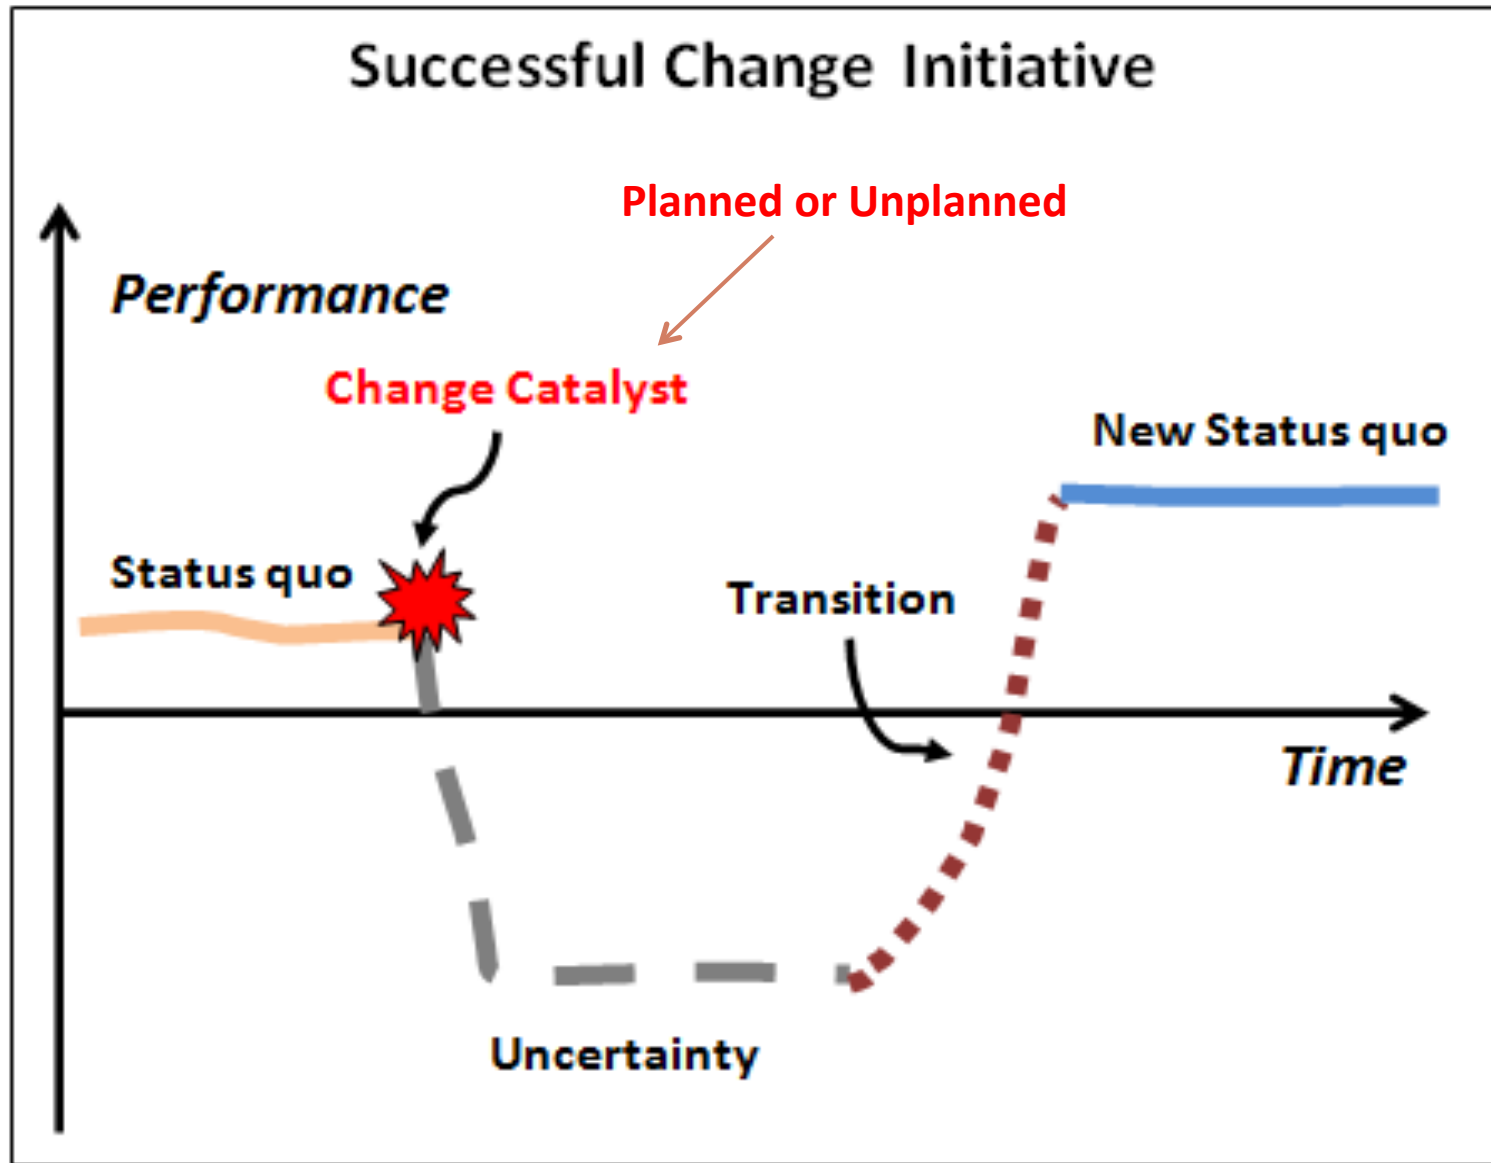

- ❖ How capacity building can effect change
- ❖ Change interventions
- ❖ Being prepared for planned versus unplanned change
- ❖ Supporting people in times of change

UNDERSTANDING CHANGE

THREE STEPS

1. Unfreeze
2. Change
3. Refreeze

Successful Change Initiative

Successful Change Initiative

UNDERSTANDING ORGANIZATIONS

ORGANIZATION AS A SYSTEM

BATTERY PACK
THE POWER SUPPLY IS SPLIT INTO 31 SECTORS OF 623 LITHIUM-ION CELLS. EACH SECTOR IS CONTROLLED BY ITS OWN PROCESSOR, WHICH MONITORS THE CHARGE AND DISCHARGE RATE OF EVERY CELL.

SAFETY MONITORS
AN ACCELEROMETER, SMOKE DETECTOR, VOLTAGE METER, TEMPERATURE GAUGE, AND WATER SENSOR CAN DETECT A CRASH OR OTHER FAILURES AND SHUT THE BATTERIES DOWN TO PREVENT FIRE OR EXPLOSION.

INVERTER
THE INVERTER USES 72 INSULATED TRANSISTORS TO TRANSFORM THE BATTERY'S DC ENERGY INTO AC POWER. IT DELIVERS ALMOST 80 PERCENT MORE POWER THAN GM'S SOVI-DISCONTINUED EV1.

ELECTRIC RIDE

THE TESLA ROADSTER PUTS THE CHARGE BACK INTO SUPERCHARGED. THE ALL-ELECTRIC, HIGH-PERFORMANCE SPORTS CAR IS POWERED BY THE SAME BATTERIES THAT RUN YOUR LAPTOP. MIRED GOT THE FIRST GUIDED TOUR. — J.J.

4 MOTOR
AT THE HEART OF THE AC ELECTRIC MOTOR IS A HIGH-EFFICIENCY MOTOR. THE BREAKTHROUGH, IT'S MADE OF BRAZED COPPER, WHICH IS MORE CONDUCTIVE THAN CONVENTIONAL ALUMINUM ROTORS.

5 COOLING
THE INVERTER'S TRANSISTORS PRODUCE VERY LITTLE HEAT, ALLOWING THE CAR TO USE LIGHTWEIGHT, ENERGY-EFFICIENT AIR COOLING, WHICH VENTS THROUGH A TAILPIPE.

6 HEATING
SINCE THERE IS NO CONVENTIONAL ENGINE TO PROVIDE CABIN HEATING, THE ROADSTER HAS AN ELECTRIC HEATER. ONE BLOWER, IF DELIVERED HEAT IMMEDIATELY, NO WAITING FOR AN ENGINE TO WARM UP.

7 PARTS
TESLA HAS DEALS WITH VARIOUS MANUFACTURERS TO SUPPLY THE WINDSHIELD, WIPERS, BRAKES, SUSPENSION, AND OTHER COMPONENTS — THERE'S NO NEED TO REINVENT THE HIGH-PERFORMANCE WINDSHIELD WIPER.

ORGANIZATION AS A SYSTEM

- All parts of the system must be integrated
- Take into consideration how decisions affect all parts of the system
- *A high-functioning system continually exchanges feedback among its various parts to ensure they remain **closely aligned and focused on achieving the goal of the system.***

WHY ORGANIZATIONS ARE NOT ALIGNED...

Philosophical Considerations

- Are we operating with the same **definitions**?
- Are different **views** of our work integrated?
- Are different **disciplines** and models aligned?

Operational Considerations

- Lack of **systems** approach – knowing and responding to what each part of the system needs and how it works together
- Understanding **sub-systems**
- **Communicating** across systems

WHY ORGANIZATIONS ARE NOT ALIGNED...

Philosophical Considerations Operational Considerations

Diagnosis if not aligned:

- What happened that caused the mis-alignment? (Or made you aware of it?)
 - Are we operating with the same definitions?
 - How are our different views of our work integrated?
- What intervention is needed to achieve alignment?
 - How are different disciplines and models aligned?
 - Lack of systems approach and integration - knowing what each part of the system needs and how it works together
 - Understanding sub-systems
 - Communicating across systems

Alignment is the ideal state to achieve optimal individual, team, and organizational performance.

Aligned organizations handle change well.

CHANGE
INTERVENTIONS:
ACHIEVING
ALIGNMENT

CHANGE INTERVENTIONS

1. Management development
2. Organizational learning
3. Work systems
4. Organizational structure
5. Organizational culture
6. Strategic planning

SOME MOMENTS TO INTERVENE

Interventions

1. Management development
2. Organizational learning
3. Work systems
4. Organizational structure
5. Organizational culture
6. Strategic planning

- Leadership turnover
- Funding (changes in revenue, funder priorities)
- Technology
- Low morale/conflict
- Community needs and opportunities
- Crisis
- Performance gaps
- Lack of focus
- Mergers

MANAGEMENT DEVELOPMENT

- **Management:**
 - Functions and styles
 - Development of managers through training and coaching
- **Goal setting and performance appraisals**
- **Team-building**
- **Conflict management**

ORGANIZATIONAL LEARNING

■ Promoting, rewarding, and capturing organizational learning:

- Creating continuous learning opportunities
- Promoting inquiry and dialogue
- Encouraging collaboration and team learning
- Establishing systems to capture and share learning
- Empowering people to have a collective vision

WORK SYSTEMS

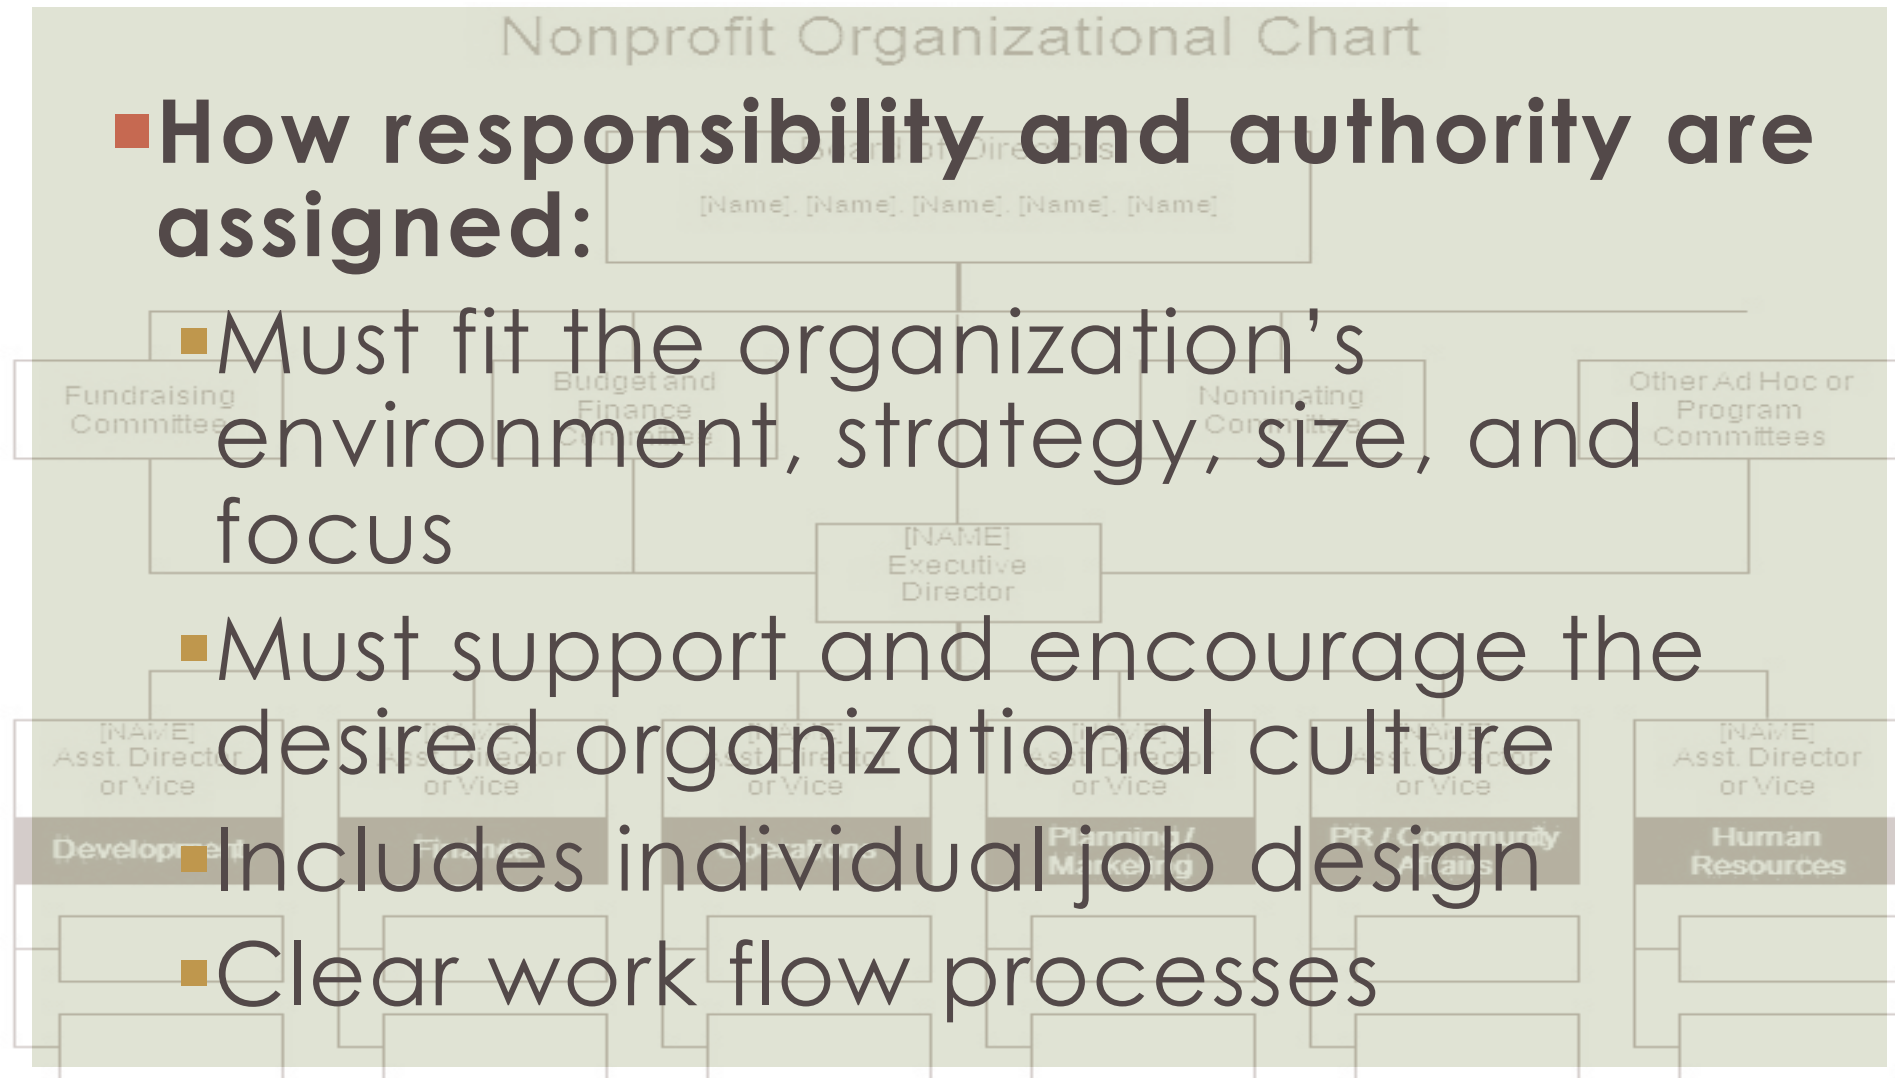

- **Technical processes:**
 - Reporting
 - Technology
 - Finance and administration
 - Policies and procedures

ORGANIZATIONAL STRUCTURE

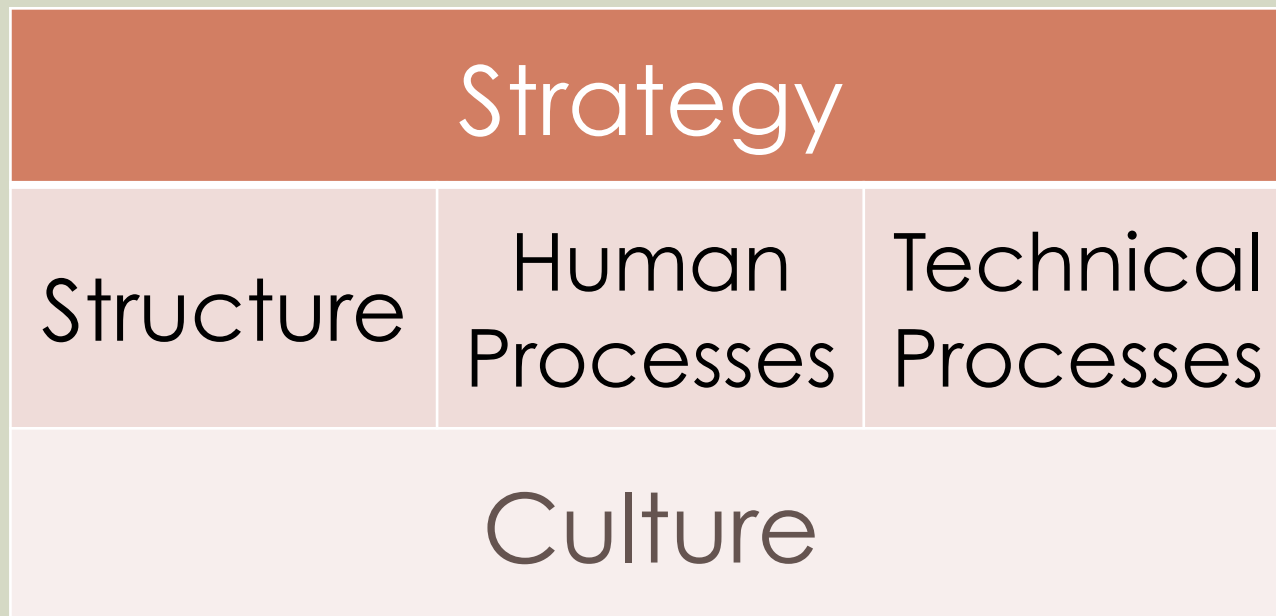

Nonprofit Organizational Chart

- **How responsibility and authority are assigned:**

- Must fit the organization's environment, strategy, size, and focus
- Must support and encourage the desired organizational culture
- Includes individual job design
- Clear work flow processes

ORGANIZATIONAL CULTURE

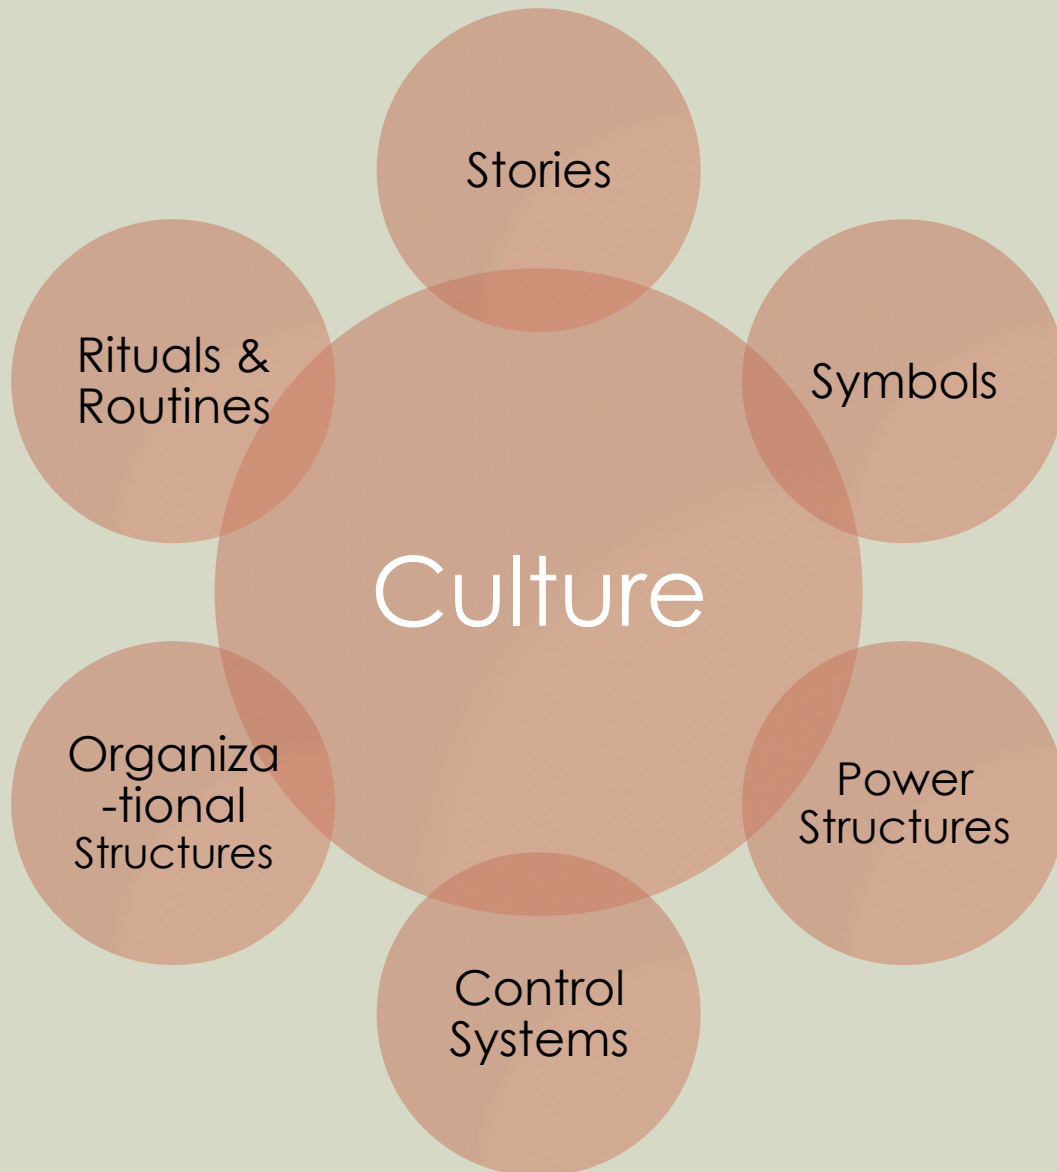

WHAT IS ORGANIZATIONAL CULTURE?

"I don't know how it started, either, but I would never come to work without my hat."

Organizational Culture

SHARED
NORMS
AND
PRACTICES

STRATEGIC PLANNING

A systematic process of envisioning a **desired future**, and translating this vision into broadly defined **goals** or objectives and a **sequence of steps** to achieve them.

that changes our lives.

DISCUSSION QUESTIONS

1. What stands out as a priority for your organization?
2. What made you aware of the change that's needed?
3. What are your plans (and do your colleagues have tips for you)?

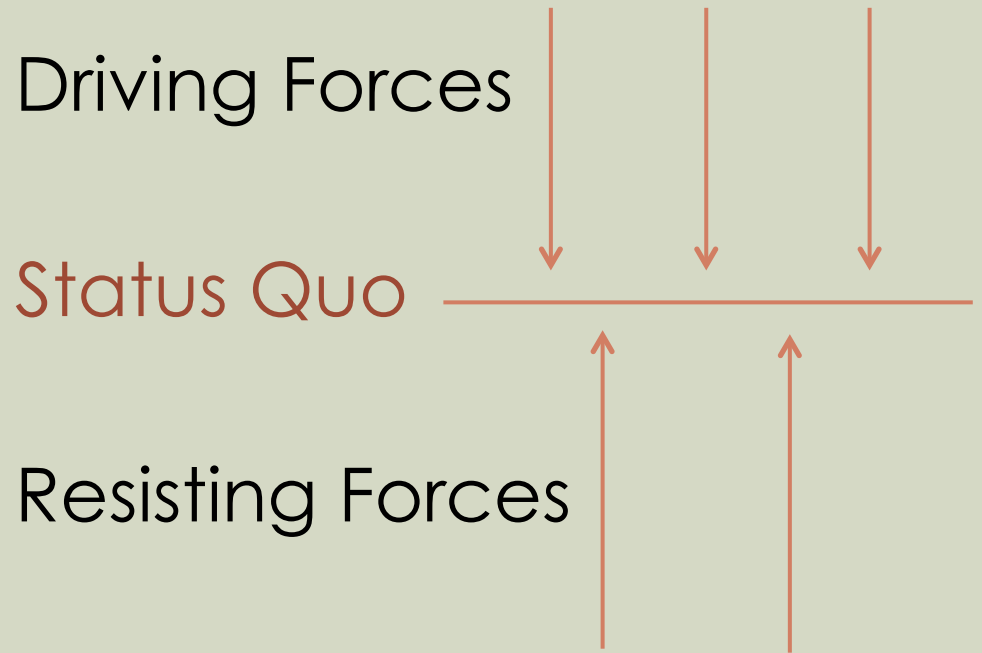

"I think you should be more explicit here in step two."

MANAGING CHANGE

“PROGRESS
is IMPOSSIBLE
WITHOUT CHANGE,
& those who cannot
CHANGE THEIR minds
CANNOT
CHANGE Anything.”
- George Bernard Shaw

Force Field Analysis

DIFFERING RESPONSES TO CHANGE

- Depends on a person's perception of how change will affect them
- *Driving Forces versus Resisting Forces*
 - **Empower** *Driving Forces*
 - **Manage** *Resisting Forces*

Technology Adoption Life Cycle

Crossing the Chasm, Geoffrey Moore

A RULE TO THRIVE BY

People first.

FOR CHANGE TO WORK – POSITIVELY

FOR CHANGE TO WORK – POSITIVELY

PHASES OF CHANGE

IDENTIFY

- Name the change
- Get people's attention
- Explain the change process – what to expect
- Acknowledge potential frustrations
- Address organizational culture dynamics

ENGAGE

- Re-align people to the change – create a compelling vision of the future state
- Ask for input – how to do it

IMPLEMENT

- Using the input drawn from your team, execute on the change

SIX CHANGE
MANAGEMENT TIPS
FOR LEADERS

6: Don't fear failure — encourage it.

I have not failed.

I've just found 10,000 ways that won't work.

- Thomas Edison

5: Engage people in designing solutions.

4: Document the intended change and the process for getting there.

3. Script the change.

2: Set the tone with a guiding vision that is desirable, feasible, and sustainable.

**A LEADER TAKES
PEOPLE WHERE
THEY WANT TO GO.
A GREAT LEADER TAKES
PEOPLE WHERE
THEY DON'T WANT
TO GO BUT OUGHT TO BE.**

ROSALYNN CARTER

com · mu · ni · cate

kəˈmyʊnəˌkæt/

Verb

share or exchange information,
news, or ideas.

synonyms: be in touch, be in
contact, have dealings, interface,
interact, commune, meet, liaise

INSTITUTIONALIZING CHANGE

JOHN KOTTER'S 8-STEP PROCESS

1. Establish a sense of urgency
2. Create a guiding coalition
3. Develop a vision and strategy for the specific change
4. Communicate the vision and plan
5. Empower employees for broad-based action
6. Generate short-term wins
7. Consolidate gains and produce more change
8. Anchor the change in the culture
